

# Fall Color Tour

Our annual Fall Color Tour was an outstanding success. With 35 cars and trucks and 70 members and family, we headed down Highway 44 to old Highway 66 towards Cuba Missouri with a stop at the Route 66 Museum.

After a fuel and potty break, our next stop was at the Crawford County History Museum where the Cuba Fest was being held and some serious wine tasting was done.

The final destination was the tour and dinner at Bob's Gasoline Alley. It was our club's third trip there and is always a treat. With great weather and great people, it was a great way to finish this year's outdoor event schedule. We thank Syl and Judy Biermann for setting up this fabulous day.

**A.** Our large crowd gathered at the commuter lot at Highways 44 and 141. **B.** Our 35 car and truck caravan kept together with only one U-Turn. **C.** We filled the lot at the Route 66 Museum and there was much to see inside. **D.** In Cuba, we visited the Crawford County History Museum where the Cuba Fest was being held. **E.** Some of our wine experts tasted some of the local "spirits". **F.** As our crew toured the Cuba Fest, lots of food was available but we had dinner waiting at our next stop.

# Fall Color Tour

G. "Lets eat" was our first call when we arrived at Bob's Gasoline Alley. H. This day was also birthday celebrations for Jim Biermann, Sharon Apollo, and Donna Layton. Jim even got beer and cookies. I. The McDougal's got to be "first in line" but the line went fast. J. Most of our group posed for this final photo of the day. K. As always, the food was plentiful and delicious. L. Our Fords filled the parking area. M. Five year old Brody Kelly enjoyed the farm animal display. N. There is so much to see at Bob's and we are always amazed. Each year, he adds some new items. O. Somewhat unusual, we had five Fox bodied Mustang convertibles in attendance. They belonged to the Bauers, the Laytons, Jake Turnipseed, the Kellys, and the Grimmers.
