

Shriners Benefit Car Show

Many of our members attended the Shriners car show that was held at the Moolah Shrine Center last year. This year, we made it a club event and we had 20 members and 17 entrees in attendance. The great day brought out plenty of cars and trucks and some of our members did well with the trophies. This event, held on the 18th, benefits the Shriners Hospitals for Children. As the show season winds down, this was a great day for one of the finishing car shows of the year.
