

WILSON PARK Patriots in the Park Car Show

It would appear that we will have two kinds of car shows this year, wet or hot. At the July 6th Patriots in the Park show, held at Wilson Park in Granite City, we had the promise of both but we only had the heat, accompanied by lots of humidity. Our three tents were a blessing that day. The show had 77 registered cars in the show classes along with some display only cars. Our club held our own with 20 entries. Thirteen of our members were able to take home a plaque. Burt Pennington placed American Flags in front of our displayed cars adding to the Independence Day spirit. We also won the club attendance trophy. The day wouldn't be complete without a trip to Ravanelli's for lunch, although the walk was more of a challenge this year with the heat. We thank all of our members who bared the heat to represent our club.
