

Gateway Open House

Gateway Classic Cars in O'Fallon Illinois held an open house on December 5th. The event was also to benefit their Christmas toy drive.

Being a last minute event, we really did not expect much of a turnout, but as usual, our members came through. With nearly 30 members and family present, we helped fill Santa's "toy truck".

The Gateway facility was really decked out for the occasion as there was live background music and a fine snack and dessert buffet.

Thanks to team leader, Dan Kelly, we did manage to avoid any U-turns. The sunny December day turned out to be a nice holiday outing.
