

Sinclair BackStoppers Fundraiser

This annual charity fundraiser was held at Sinclair Ford on September 16th. The proceeds from the event benefit The BackStoppers. Not really a car show but does have a spectator choice trophy which was won by Bill Bauer with his Cougar droptop. The raffle had some members winning including Bill Giese and Dan Kelly. Several of our BOD members presented a plaque of sponsorship appreciation to the Sinclair family for their annual support for our car show.

The lowlight of the day was when your editor and an unnamed helper (Dennis McBee) installed the banner upside down. Go figure, Bob Layton having a problem with a banner.

The event was moved to the September date which competed with many other car shows so the attendance was down somewhat.

We thank our members who were able to represent our club and to Ron Schodroski for setting up this event.
