

Veteran's Day Parade

I guess that this should be called Veteran's Parade II, as it was our 2nd parade in 3 days. Dan Kelly got a last minute chance to have us participate in another Veteran's Day event that was held in Florissant.

Dan's last minute email was able to have ten of our members in attendance. The weather was sunny but many degrees cooler than the previous Friday. It was a challenge for our four droptop Fox bodied Mustangs but the sun made the day tolerable.

The parade started at Bangert Park, went up Florissant Road, then left on St. Francois and ending at VFW Post 4150.

It seemed to be a bad day for members batteries, as two Mustangs needed a jump start.

As with all of our events, our day ended with a trip to restaurant, Mattingly's, for some nutritional support.

We thank Dan for his work on this parade and to all of our members who were able to participate at such late notice.
