

Misfit Toyz Car Show

A new points event car show was the Misfit Toyz Car show held at the Museum of Transportation on September 30th. That day there were many car shows in the area and that reflected in this show. The show was the "Top 50" but they actually had the top 55 cars. Unfortunately, there were only 54 registered cars and trucks, so everyone who stayed around, received a plaque. We did receive the club participation award as we had 16 entrees in the show but it was only a trophy .
